

**Parts:**

- A) Cubicle Track — Aluminum Alloy 6063 T52
- B) Flex Carrier with Nylon Wheels and 360 Degree Rotating Hook
- C) Track End Caps with Fixing Screw
- D) Ceiling Mount Installation Bracket
- E) Wall Mount Installation Bracket

**Intended Uses:**

- Hospital cubicle curtains
- Shower curtains
- Standard drapery
- Curved drapery
- Drapery for hospitality
- Custom drapery for interior design motifs

**System Features:**

- Easy-to-bend and easy-to-clean track
- Microban® painted finish of track inhibits the growth of bacteria, mold and mildew
- Patent pending Flex Carrier allows each carrier to be removable and replaceable without removing the track from its brackets, without removing the end cap from the end of the track and without having to remove the curtain from the track
- Carrier has a safety breakaway feature that will release the carrier hook from the carrier body when more than 35 lbs to 40 lbs of pressure is applied
- Carriers are self-lubricating with nylon wheels for extra smooth and quiet traversing
- Spring loaded installation brackets allow for simple and easy installation and removal of the track
- Track comes in both 16 ft and 24 ft lengths
