

Newton DC Rechargeable Battery Motor 1.2 Nm and 2.0 Nm

A new DC motor is very quiet. Battery located on the inside will not require any additional space to install battery pack, works with single shade brackets and 3" and 4" fascia brackets. Alternately motor can be powered by external DC charger. Available with single channel or 6 channel remote controls or wall switch. 1.2Nm Motor is capable of lifting 11 lbs shade. 2.0Nm motor can lift 17lbs shade.

1.2Nm Motor

Motor Head

Motor Drive

External Power

Remote Control

Wall Switch

Technical Specifications:

Motor Diameter 1"
 Motor length 17.8"
 Tube Keyed 1 3/4" Tube
 Limits Electronic
 Time of Operation 4 Minutes
 Power DC 12V. Internal Battery | 0.9Amps | 1.2Nm - 25RPM

Minimum Width: 24"	Minimum Height: 18"
Maximum Width: 120"	Maximum Height: 120"

2.0 Nm Motor

Motor Head

Motor Drive

External Power

Remote Control

Wall Switch

Technical Specifications:

Motor Diameter 1"
 Motor length 22.8"
 Tube Keyed 1 3/4" Tube
 Limits Electronic
 Time of Operation 4 Minutes
 Power DC 12V. Internal Battery | 0.9Amps | 2.0Nm - 25RPM

Minimum Width: 27"	Minimum Height: 18"
Maximum Width: 120"	Maximum Height: 120"
